Experience

Clover — Senior Designer II

2022 - 2026

- Partnered with VIP clients and major hospitality groups to deliver tailored digital experiences
- Led client-facing calls to provide design expertise and ensure smooth project execution
- Collaborated cross-functionally with product teams to enhance web functionality and meet client needs
- Developed reusable code components to streamline implementation across multiple sites
- Maintained and evolved shared codebases to meet modern accessibility and responsive design standards
- Built foundational preset frameworks used as the starting point for all customer websites
- Created logo animations for preloader experiences across a unified product ecosystem
- Supported onboarding and mentorship of new designers, accelerating team ramp-up and consistency
- Completed professional development training in communication, collaboration, and productivity

North Studio Creative — Freelance Motion Designer

2021 - 2022

- Produced motion graphics animations for digital billboards, marketing campaigns, and web experiences
- Advised on motion strategy, enhancing visual storytelling and user engagement across designs
- Advanced animation skills through ongoing professional development

BentoBox — Senior Web Designer

2018 - 2022

- Designed and developed modular website presets enabling rapid turnaround across diverse brand styles
- Storyboarded and animated product and marketing videos from concept through execution
- Contributed written and illustrated content for the company design blog
